

COPYGUARD™

Make every copy count.

Copyguard CG40

The economical CG 40 is suitable for copier control in smaller applications.

Applications

The **CG40** suits applications where control of a small number of users or departments is required.

User friendly keyboard

The user-friendly **CG40** provides secure, simple to operate, numeric keyboard access control.

Code limits

A copy limit of any value between 1 and 9999 may be set for any code.

Number of codes

The **CG40** can handle up to 4400 codes.

Length of code

Codes may be from 1 to 6 digits in length.

Reports

Code and count information may be viewed by the administrator using the supervisor access key. Two view routines are provided for viewing either the complete list or only those codes with a recorded count against them.

PIN Access
