

COPYGUARD™

Make every copy count.

Copyguard Mastercount

The unique MASTERCOUNT is a monitoring system specially made for printing or duplicating machines.

Applications

The Copyguard **MASTERCOUNT** is ideal for schools or businesses using printing machines or other equipment producing Masters and Copies. Also suits recording the usage of two separate paper types.

User friendly keyboard

The **MASTERCOUNT** provides secure, simple to operate, numeric keyboard access control.

Copy costs

A master cost as well as a copy cost may be programmed in the unit and costs as well as volume may be reported.

Printed reports

Reports may be read from the screen or printed with the companion **CG Print II** printer.

The **MASTERCOUNT** has two report options that allow the printing of either the complete list of codes or only those codes with a recorded count.

Length of code

Codes may be from 1 to 6 digits in length.

Number of codes

The **MASTERCOUNT** can handle up to 4400 codes.

Copy limits

PIN Access
